

## **Peduli Covid-19, PT Trisula International, Tbk. Kembali Memberikan Donasi**

**Jakarta, 1 Maret 2021** – Menanggapi keadaan pandemi Covid-19 yang masih sangat menantang di awal tahun 2021, **PT Trisula International Tbk (“TRIS”)** kembali melanjutkan program *Corporate Social Responsibility (CSR)* kepada beberapa rumah sakit dan pusat kesehatan masyarakat di kawasan Jabodetabek.

Pada kali ini, TRIS mendonasikan kebutuhan medis berupa ranjang darurat 3 rumah sakit, yaitu RS Atma Jaya, RS UKRIDA, dan pusat kesehatan masyarakat SehatQ. Penyerahan donasi dilakukan secara simbolis pada hari Jumat, 26 Februari 2021 di kantor pusat TRIS, Trisula Center, Jakarta dan dihadiri oleh Direktur Utama TRIS, Santoso Widjojo serta para perwakilan penerima donasi.

Ranjang darurat yang didonasikan merupakan hasil kerja sama antara TRIS dengan PT Chitose C-Engineering Indonesia (“CCI”). CCI sendiri merupakan perusahaan terafiliasi dari TRIS yang terkenal dengan merek kasur sehatnya yaitu C-PRO. Ranjang darurat atau yang disebut juga dengan *origami bed* merupakan ranjang yang terbuat dari material *corrugated carton* ramah lingkungan dan dikombinasikan dengan kasur sehat C-PRO yang dapat dicuci.

## **PT Trisula International, Tbk. Gives More Donation for Covid-19 Relief**

**Jakarta, March 1, 2021** – In response to the very challenging situation of the Covid-19 pandemic in early 2021, **PT Trisula International Tbk (“TRIS”)** has continued its *Corporate Social Responsibility (CSR)* program at several hospitals and community health centers in the Jabodetabek area.

This time, TRIS donated medical needs in the form of emergency beds for 3 hospitals, namely Atma Jaya Hospital, UKRIDA Hospital, and the SehatQ community health center. The donation was delivered symbolically on Friday, February 26, 2021 at the TRIS head office, Trisula Center, Jakarta and was attended by the President Director of TRIS, Santoso Widjojo and representatives of donation recipients.

The emergency bed donated was the result of a cooperation between TRIS and PT Chitose C-Engineering Indonesia (“CCI”). CCI itself is an affiliated company of TRIS famous for its healthy mattress brand, C-PRO. The emergency beds that are also known as the *origami bed* is made of environmentally friendly corrugated carton material combined with a washable C-PRO healthy mattress.

The donation made by TRIS is done out of concern as a way to participate in the efforts to tackle Covid-19 pandemic. **Santoso Widjojo as President Director**

Donasi yang dilakukan oleh TRIS ini merupakan bentuk kepedulian untuk berpartisipasi dalam menanggulangi pandemi Covid-19. **Santoso Widjojo** selaku **Direktur Utama TRIS** mengatakan, “Banyaknya kebutuhan untuk fasilitas isolasi, kami berinisiatif untuk mendonasikan ranjang darurat. TRIS membeli sebanyak 20 unit ranjang darurat untuk disumbangkan ke Rumah Sakit yang memerlukan. Adapun pelaksanaan program CSR ini dilakukan secara simbolis di Trisula Center.”

Di sisi lain, TRIS dan anak usahanya, PT Trisula Textile Industries Tbk (“BELL”), akan terus memberikan kinerja yang terbaik dengan membuat produk-produk yang berkualitas. Hal ini seperti yang diketahui bahwa TRIS dan BELL memiliki keahlian dalam *customized order* sehingga dapat membuat produk-produk sesuai dengan kebutuhan, termasuk di masa pandemi Covid-19 ini. Perseroan membuat diversifikasi produk seperti baju hazmat yang sudah mendapatkan izin edar dari Kementerian Kesehatan, masker non medis, dan *medical garment* lainnya. Selain itu melalui anak usaha TRIS, yaitu BELL juga beradaptasi di masa pandemi Covid-19 dengan memproduksi Kain Sehat yang saat ini pemesanannya sudah dilakukan oleh para pengusaha garmen dan desainer. Lalu, BELL juga membuat Jaket Sehat sebagai pakaian pelindung tambahan.

“Ke depan, kami akan terus memaksimalkan peluang yang ada dan terus menciptakan inovasi produk sesuai

**of TRIS** said, “With the high demand for isolation facilities, we took the initiative to donate emergency beds. TRIS bought as many as 20 units of emergency beds to donate to hospitals in need. The implementation of this CSR program is carried out symbolically at the Trisula Center.”

On the other hand, TRIS and its subsidiary, PT Trisula Textile Industries Tbk (“BELL”), will continue to provide the best performance by making quality products. It is known that TRIS and BELL has expertise in customized orders, allowing them to make product according to the requirements, including during the Covid-19 pandemic. The company diversifies its products such as into hazmat suits that have received distribution permits from the Ministry of Health, non-medical masks, and other medical garment. In addition, through it’s subsidiary BELL, TRIS has also adapted with the Covid-19 pandemic by producing Healthy Fabrics, which are currently being ordered by garment entrepreneurs and designers. Furthermore, BELL also made a Healthy Jacket as additional protective clothing.

“Going forward, we will continue to maximize existing opportunities and continue to create product innovations in accordance with our expertise in custom products supported by advanced technology and human resources. Hopefully the Covid-19 pandemic conditions will recover quickly along with the vaccine so that the economy can

dengan keahlian kami dalam *custom* produk yang didukung dengan teknologi canggih dan Sumber Daya Manusia yang dimiliki. Semoga kondisi pandemi Covid-19 cepat pulih seiring dengan sudah adanya vaksin agar perekonomian dapat segera membaik. Kami juga berharap dengan program-program CSR yang kami lakukan dapat membantu penanganan Covid-19 di Indonesia,” tutup **Santoso**.
